RE: Osceola County Retreat

Dear Randy:

I wish to express my appreciation for your presentation at the Board of County Commissioners retreat at Gaylord Palms. The work *myregion.org* is doing in our community is critical to handle the growth we are experiencing. I know several of the Commissioners are familiar with your efforts. However, this time your presentation, with everyone in the room including upper management staff, enabled us to have a more meaningful discussion about the impact these issues are having on our quality of life in Osceola County.

Keep up the good work. Please don't hesitate to call on me if my staff can assist you in this project.

Sincerely,

Edwin J. Hunzeker
County Manager
